2015 PSA Annual Meeting & Awards Banquet

Easy Parking • Large Menu • Everyone is invited!

The 2015 Pennsylvania Simmental Association annual Membership Meeting and Awards Banquet will be held at Hoss's Steak and Sea House, 743 Wertzville Road, Enola, Pennsylvania, 17025. With the change of venue, no payment to the PSA is needed—those attending will purchase their meals from the restaurant. Hoss's specializes in cooked-to-order steaks, chicken, and seafood complemented by their famous soup, salad, bread, and dessert bar which features over one hundred items, including made-from-scratch soups, warm hearth-baked breads, fruits, and desserts. Additionally, they offer a kid's menu and an American value menu, with meals for only \$10.49, which include the soup, salad, and dessert bar. This location also has a large parking lot—much easier for pickup trucks to navigate.

All PSA, PJSA, and non-members are invited to attend! Hoss's is going to generously donate a percentage of the sales from our banquet to the Pennsylvania Junior Simmental Association!

Please RSVP by December 27th, 2014, to our secretary Vicki Varner, 8436 Mountain Road, McAlisterville, PA 17049, 717-463-2513, email gvarner@centurylink.net — or complete the simple banquet registration form on our website, www.pasimmental.com. Although no payment to the PSA is required, we do need an accurate head count for Hoss's to prepare the banquet room.

We hope to see you there!!

Changes in the ASA's DNA Processing

Busy season is upon us and there are a few updates and changes the lab has made to their sample processing which in turn has led ASA to make a few modifications of our own.

DNA Kits

- The lab has asked all breed associations to switch from hair collector cards to blood blotter cards. The primary reason for the switch is the lab is currently working on streamlining and making their sample processing more efficient. The ultimate goal is to decrease the turn around time for reporting of results.
- The only times you **cannot use a blood blotter card is if the animal is a twin** since the twins could have shared the same blood source in utero and if you wish to run BVD-PI testing on the animal. **BVD-PI requires a hair or tissue sample submission** on the animal.
- When collecting the blood samples, please fill the black circle on the card completely. The instructions on the back of the card say 1-3 drops but we are discovering there are different needle sizes being used so consequently the size of the blood drops vary as well. Just keep in mind to fill the circle completely without saturating through the card.

Samples Entering in to Test at the Lab

- ASA has moved from a once a week processing system to samples entering testing on Mondays, Wednesdays and Fridays. If your sample arrives before 11am CST at the lab on a Wednesday/Friday it will go in to test the same day. Monday's are a bit more difficult since mail delivery is usually delayed so sample may not enter in to test until Wednesday.

DNA Processing continued on page 10

Pennsylvania Fall Classic Sale Results

Saturday, October 25, 2014

Greene County Fairgrounds, Waynesburg, PA

Sale Manager
Classic Sales

Auctioneer
Col. John L. Spiker

A free lunch, sponsored by the Pennsylvania Simmental Association and our consignors, was served to those attending our sale. A big "THANK YOU" to our buyers, consignors, and volunteers who worked together to make a successful sale. Bradley Feight, Kayla Corle, Laurie Meyers, and the Graham family set-up and ran the behind-the-scenes portion of the sale—we appreciate all of their hard work!

Donation Lot — \$9300

The cow/calf pair was donated by Harvey and Dena Baskin, Woodstock, CT. A group of northeastern breeders paid \$5500 for the pair, then donated the lot back to be sold again. Erv-N-Del Farm, Cliff Linder, OH purchased the cow/calf for \$3800. The total donation of \$9300 goes to the 2015 Eastern Regional to be held in Massachusetts in June, 2015.

66 Live Lots Averaged \$3002		
Open Heifer Average: \$2850	Bred Cow Average: \$2959	Bull Average: \$2545
Bred Heifer Average: \$3321	Cow/Calf Average: \$3250	ET Average: \$1106

KILE Volunteers

Former PSA Director Steve Herman and his son, Blake, of Beavertown, Pennsylvania, lined-up the classes for the open SimSolutions and Simmental shows at the 2014 Keystone International Livestock Expo. We thank the Hermans for their efforts, because there would be no cattle shows without volunteers!!

PJSA Member Receives \$1000 KILE Beef Scholarship

McCall Griffith, of Boonsboro Md., is a recent graduate of Washington County Technical High School and currently attends Hagerstown Community College seeking degrees in business and accounting and criminal justice, eventually leading to a masters in agricultural law. An exhibitor of Simmental, SimmSolutions, and Angus cattle at KILE since 2004, she has also participated in the Junior Livestock Judging contest at KILE, as well as selling and purchasing cattle and embryos through sales at the show. She is active in the state and national Simmental and Angus associations, as well as the PA livestock Association. She's involved with her community rescue ambulance service and is enrolled in the emergency medical technician classes at Hagerstown Community College. She was also an active 4-H'er who took leadership roles in the program, and plans to continue farming and giving back to the youth programs that have shaped her life.

ASA's DNA Processing....

DNA Processing continued from page 5

Parentage Reporting

- Currently, ASA only receives one parentage report per week and it arrives via email on late Thursday/Friday mornings. We are working with the lab on moving to a real-time update, ideally as soon as the sample completes processing, the results will be reported/uploaded. Our hope is this will be up and running within the next month or so.

If you have any questions about the above changes/updates please email dna@simmgene.com or call the ASA's office and we will be happy to discuss in further detail.

PSA Kitchen

Source: Pennsylvania Beef Council

SOUTHWEST CRESCENT PIE

- | | |
|--|--|
| 1 pound Ground Beef (80% to 85% lean) | ½ cup frozen or drained canned Mexican-style corn |
| 1 can (15-16 oz.) chili beans in chili sauce | 1 package (8 oz.) refrigerated crescent dinner rolls |
| 1 can (14½-15 oz.) chili-seasoned stewed tomatoes, undrained | ½ cup shredded Cheddar-Jack cheese with jalapeño peppers |

Instructions

- Heat oven to 375°F. Heat large nonstick skillet over medium heat until hot. Add Ground Beef; cook 8 to 10 minutes, breaking into ¾-inch crumbles and stirring occasionally. Pour off drippings.
- Stir in beans, tomatoes and corn; bring to a boil. Cook about 10 minutes or until most of the liquid has evaporated, stirring occasionally.
- Meanwhile separate crescent roll dough into 8 triangles. Line 9-inch pie plate with dough triangles, placing narrow tips toward center. Firmly press edges of dough together to form crust. Bake in 375°F oven 10 minutes. Remove from oven.
- Spoon beef mixture into crust. Sprinkle with cheese. Bake 8 to 10 minutes or until edges of crust are golden brown and cheese is melted.

If you have a favorite recipe you would like to share, please email to annie@annieduncan.com, or mail to Annie Duncan, 470 Million Dollar Road, Halifax, PA 17032.
