Anabelle Rae has been a productive Milestone daughter out of HPF Miss D Rae Y042, who was the focus of building our small, but quality herd of Simmental cattle. The influence of D Rae on our herd continues to remind us why we choose her a decade ago when we bought our first Simmental cow. She was a solid red purebred that combined the Desa Rae and Perfection cow families into a powerfully built and feminine package with the structural soundness that we all want in our females.

TOP: SNRS MS ANABELLE RAE 05A

LEFT: BULL CALF OUT OF LOT 1 • RIGHT: SERVICE SIRE OF LOT 1

Anabelle Rae was her first natural calf and has not disappointed since the day she hit the ground. She is a two time Supreme Champion female of the NYS Fair and was reserve in her division as a yearling at Keystone. What has been more impressive is the quality of her offspring. A bull calf sired by One Eyed Jack was the Champion Bull Calf at Keystone in 2017 and later that fall won his class in Louisville where we sold him privately in the stalls the night before that show. Anabelle has averaged 15 frozen embryos on three IVF procedures. While it would be easy to just let this cow live out the rest of her productive life in our pasture, we have a solid inventory of embryos in our tank from this donor, which gives us the comfort to part with the factory on this one. She is safe in calf due 1/5/2021 to to KBHR Sniper E036, who is a solid red bull with a well balanced EPD profile. We are selling with this donor cow as a package with (3) non-sexed IVF embryos sired by SC Pay The Price and (3) sexed heifer IVF embryos sired by Silveiras Style. We will guarantee one 60 day pregnancy from each mating, providing all eggs are transferred within 1 year from the sale date. Must be transferred by a certified embryologist. Buyer is responsible for all shipping cost on the embryos.

Due 11/23/20. Recip is AAS Love Me Fourever B10 (# 2884248), a PB Simmental born 9/2/14. Opportunity is knocking! We are offering two tremendous cow families in one package. Here is an opportunity to purchase a Pure Bred Simmental with an embryo from our Sim-Angus Navigator daughter that we purchased from the Hudson Pines Living Legacy V sale. Chan Phillips described Lady Prime as a female with tremendous structure under all four corners, long sided with loads of internal dimension while staying complete and balanced in her type and kind. She was named the NAILE Division VI Champion Heifer after just six weeks of having a calf. She was also named the Denver 2010 Senior Calf Champion. AAS Love Me Fourever B10 is not your average recip. She has one of the most predictable Simmental pedigrees in the breed. She comes from the great NJC SVF Love Me Don't U donor that is an Ebony Antoinette daughter described by Hudson Pines and ETR as one of the most productive and consistent donors they ever owned. She is backed by a tremendous amount of maternal power and show ring success. Her dam, HPF Love Me U182 was crowned Maryland State Fair Simmental Champion, champion Simmental at numerous Jackpot shows, and was a division winner at the NAILE, AJSA National and Regional Shows. Take advantage of this opportunity to add some elite genetics from two different tremendous cow families to your breeding program.

ERV Black Satin H001 is a female that has it all pedigree, phenotype and marketability. She is backed by some very dominant Simmentals. Lets just name a few JS Black Satin(Triple Crown Winner), Pays to Believe(Denver Champ), Executive Order and the famous Miss Werning KP 8543U. The "Boots" genetics have been extremely hot in the show industry and we think H001 can do just that show! She is ultra clean fronted, good footed and has great rib shape. Black Satin H001 is not easy to let go of, but we want to continue to offer our best! We think so much of this solid black heifer that we would like to retain 1 flush at our expense and the new owner convenience. Don't miss this genetic gem!

"What a golden opportunity available here. This late fallborn Broker daughter is an exact replica of her mother; she is fancy made, good haired, super sound, with worlds of potential ahead of her. "Goldie", as she is known around the barn, has already began her show career this summer with Reserve Supreme Female at the Showdays Jackpot and Champion Simmental at Huntington Breakout Jackpot. If you are familiar with our program, you will surely be aware of her donor dam, "Lola" (as we call her), who is beginning to make a big mark in our program. She also had a very successful show career for us, most notably division honors at NAILE, KILE, and Farmshow as well as champion Simmental at numerous jackpots. We feel very confident in the show ring ability of this young gal, but her cow potential will be endless. Bid with confidence and kid broke!

Fiesta is a big footed sound broody heifer looking for a new home. I love my reds but I can't keep all these heifers. Fiesta's High Regard dam was 6th Overall Bred and Owned female two years ago in Massachusetts at the AJSA Eastern Regional and was in the final drive the same year at AJSA Junior Nationals in Minnesota. This red big middled, easy keeping girl was our first Lover Boy to hit the ground. We love our Lover Boy calves. Here is a fancy half blood that I believe is a front pasture heifer. Her sire is Colburn Primo 5153. When you study the pedigree that backs Primo it should send chills down your spine. He is the product of the two most dominant genetic lines to enter the show ring in the Angus breed. On the dam side she goes back to the great S&S Sahara cow that put us on the map. Moderation, soundness, big-footed, and cow-power best describe 62G. She is backed by many of the most prominent and widely used sires within the breed. Then look at the maternal side of her pedigree and you will see the same level of excellence. Gretchen's dam is one of the rare, highly sought after daughters of Two Step, an outstanding blaze faced female in her own right. You can depend on her dam to produce a 'keeper' year after year. To complete this fall red powerhouse, look at her genetic profile...balance with superiority. Well above the breed average in a majority of the traits measured. Any serious breeder would be well served to add this feminine standout to their breeding program. Sells open. OCV, BVD-PI3 negative. Herd is certified and accredited. BQA certified. Due 3/30/2021 to THSF LOVER BOY B 33 (#2983443). This half blood bred heifer puts the pieces together in a complete package, backed by proven and prominent genetics. Out of one of our top Donors, "Heges Zahra" and sired by "Silverias Style", she puts body mass, sound footed, and muscle shape and dimension together to make a complete female. Due to calf early April to the full brother of the deceased Quantum Leap, THSF LOVER BOY B33, the 2106 Denver Champion. This calf will sure be something to look forward to. Hillcrest Farm is BQA certified. BVD tested negative.

She's the one we showed last year and won her class at keystone, second in Louisville. She was pinned to go to Denver as a big one to sell but with all the uncertainty going on right now here is the chance to own her. This cow family is the base of our program and they just flat work. Due 12/19/2020 to WINSLOW'S GREAT GATSBY (#3614457). The decision to sell this heifer was difficult one, a "dinner table" discussion for us. Felicia started off her show career strong at a young age. She was the Reserve calf division champion at the Simmental Breeders Sweepstakes in Louisville, KY in 2019. We could have only hoped of showing her in 2020. She's as soggy as they come, with a killer front end like her sire Revival to complete the package. Not only does she excel phenotypically, genotypically she is backed by the powerhouse genetics of the Hudson Pines Lady Prime cow family. Due to calf in the middle of December, most of the work is done for you. Take her home and seize the opportunity to own this powerhouse filled package. Hillcrest Farm is BQA certified. Due 11/15/2020 to SSC Shell Shocked 44B (#2880060). Forever Star is a favorite around the farm in many ways. She is real easy going and easy to find when you go out to the pasture. Sometimes she'll find you if you don't find her to get some attention. Another reason she's a favorite is because she is so easy on the eyes, being deep bodied, stout hiped and clean fronted. To add to her value even more add in her strong cow families with both the \$50,000 Sheza Star and the multi-million dollar producing Miss Werning 8543U. Forever Star also comes with a track record in the show ring. She was shown by my son at the 2020 PA State Farm show where she was in the purple and was crowned Senior Calf Champion. Forever Star is a young female with a ton of future and I'm confident she will kick it into the next gear(Production) shortly after the sale when she will lay down and calve to the popular calving ease bull, SSC Shell Shocked 44B. Due 11/8/2020 to HPF Tradecraft D010 (#3124189). Personality is a cow that checks all the boxes - Power, Pedigree Performance and Phenotype. She is a big stout hipped, soggy made black baldy cow right in the prime of her life. She is a product of the great Lazy H Farm as she was bought as a pregnancy at their dispersal. She has consistently produced offspring that are stout and powerful and right for the times. She is due to calve shortly after the sale to HPF Tradecraft D010 for another impressive calf. Take Personality home and watch your neighbors drool when they see her in your pasture.

PB SM DOB **4/12/20** SIRE **HPF TRADECRAFT D010**

Bred on 9/4/20 to WLE Pay Up E565 (#3372058). Starburst is a beautiful young black baldy 2yr old with lots of productive years ahead of her. She has a pedigree that is backed by two of the most influential donors in the Simmental breed (JJ Black Obsession and JM Steel My Heart). Starburst has done an Outstanding job raising her first calf, a gorgeous heifer calf with some extra chrome. No matter whether you are looking for an exceptional young cow to put in your front pasture or a show heifer to really grab the judges attention and put you at the back drop, this fancy young pair is the ticket to do just that!!

Sure going to miss this Bismarck daughter in the pasture. She turned out to be what i was hoping for when i bred a bunch of our cows to Angus a few years ago. Angular, Correct, And powerfull is the best way to describe her. She stems from a Cow family that has been here for almost 20 years. Her Granddam was a Past North American reserve champion. Power in the blood. Heifer calf born 9/21/20.

This is quite a pair that Simmental breeders would have to appreciate. Forever Lady was successfully shown by Breanna Harroun throughout IA. SVJ DSC SHEZA DANDY W71 was a \$18,000. purchase by Duane & Valerie Snee and Mike Dickson. Her March heifer calf is by WFSC BORN THIS WAY who is a son of H/B LITTLE MONSTER. You may recall that H/B LITTLE MONSTER was the 2013 Grand Champion purebred female at the North American shown by Joshua McCubbins. Both the cow and heifer calf are baldies.

This January bull calf is as good of a bull calf as I've ever weaned. He is awesome from the side, being long and smooth, and extra attractive. He stands on a tremendous leg structure, is great in his pastern and big footed. Big hiped, square made, and loaded with muscle and performance. His Dam is a huge milking, true great Simmental cow whos 2019 On The Mark heifer was the top selling heifer at the 2020 Stars and Stripes. Sired by the P2B bull who has many show winners to his credit. This calf could definitely make some noise in the show ring and then look for him to sire a notch larger cattle then his sire and simply, good, functional cattle with added look, performance, and mass.
