ANNOUNCEMENTS

Announcements made sale day and from the auction block during the sale take precedence over printed material associated with this sale.

HEALTH

Cattle are vaccinated and tested for interstate shipment. Sexed semen is not 100% accurate, therefore the gender of resulting calves cannot be guaranteed.

EPDS

The EPDs reported in this catalog are the fall 2020 numbers, as reported by the respective breed associations.

LIABILITY

Persons who attend the sale do so at their own risk. Neither the owners nor the sale manager assumes liability, legal or otherwise, for any accidents, loss of property, or illness. Classic Sales is only an agent for the seller and has no responsibilities other than those involved in the sale.

This sale will be broadcast live on the internet.

JSUL SOMETHING ABOUT MARY 8421 **THSF MISS LOVELY B57**
 JBSF PROUD MARY RP/MP RIGHT TO LOVE 015U

Sexed heifer pregnancy due 1/1/23. Here is quite a lot, both from a genetic and phenotypic standpoint. Let's begin with the recip cow (ASA 3045038), who can raise a great calf of her own but has taken an embryo the last couple years. She is a stout made deep bodied cow that is from the famous Sazerac cow family. Whether you let her have her own calf or use her as a recip, I am confident you will be happy with her for years to come. Now, lets talk about the heifer calf pregnancy that she is carrying. This calf is out of the famous Lazy H Shez Too Cool W58 donor who produced both Shell Shocked and Victoria's who were high sellers and continue to produce high seller to this day. This heifer calf pregnancy is sired by the now deceased, JSUL Something About Mary 8421 "SAM". Who has produced many high sellers over the past couple of years. Due 1/1/2023. Now we get to the beautiful red baldy heifer calf that she raised this year. This red baldy heifer calf ties both pedigree and phenotype together into a real gem. She begins with a tremendous neck and front end tying into a long deep body, back into a nice square hip. Then we have her pedigree. With her dam being a maternal sib to many bulls in stud such as, Quantum Leap, Lover Boy and Tradecraft and then being sired by THSF Freedom. We believe this heifer is going to first make a great show heifer and then follow that up by making your next donor cow. Please call if you have questions regarding this genetic lot.

2 LAZY H SHEZ TOO COOL W58

Pregnancy consigned by **Hartland Valley Simmentals IIc**

REMINGTON LOCK N LOAD 54U X LAZY H SHEZ TOO COOL W58

Get a huge return on your investment with this recip. A great cow in her own right, backed by one of the most predictable pedigrees in the breed. Sired by the great Navigator and stacked with greats on the maternal side going back to the prolific NJC Ebony Antoinette. Her dam has been breed champion at the Maryland state fair and several Jackpot shows as well as division winner at NAILE and national and regional shows. All that is icing on the cake when you see she's in the prime of her life with a calf at side of this genetic caliber. Be it a bull or heifer, adding the known potency of Remington Lock and Load to your herd is a sure bet. Less and less opportunities present themselves to add him to your lineup and when he's mated to a donor the caliber of Lazy H Shez Too Cool, you're left with a can't miss contribution to your program. If we didn't already retain both a bull and heifer out of this mating this one wouldn't be leaving the farm. Buy with confidence on this girl, she's a herd starter between herself and this calf no matter how you look at it.

SILVEIRAS ELBA 2520

LAZY H FAITH Y500

Sexed heifer pregnancy due 2/7/23. We honestly wanted to offer our best for this sale, and this opportunity is from the heart of our herd. We partnered with Hillcrest Farms on one of the most incredible young females (HFSC Foxy Lady) to walk the east coast in recent years. HFSC Foxy Lady was named breed champion and/or supreme champion over 15 times in 7 different states during her show career. Last year, she highlighted our online sale with a \$12,500 daughter that sold to Curits Weidel in Nebraska. This mating to the recently deceased SAM (semen costs \$350+) should be an absolute home run with SAM continuing to prove his dominance again this sale season. As an added bonus with this pregnancy, the recip is an attractive made purebred Angus cow by SAV Final Answer that is as "good built" as any female in our herd. She's a female that is a consistent producer year after year. Buy with confidence.

CLRWTR CLEAR ADVANTAGE

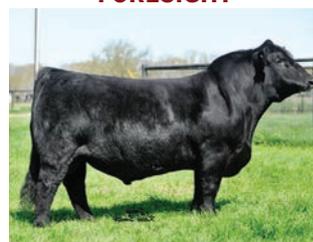

If you haven't heard of HFSC FOXY LADY HF6 get ready to see her highlighted for years to come. She has been one of the most incredible young females to walk the East Coast in 2019. She was named breed champion or supreme champion over 15 times in 7 different states during show career. Her show career is over, but she is hard at work making embryos. Owned with Full Circle Farms, the sales of progeny have already exceeded \$60,000.00. She is a profit maker. Her progeny is hitting the ground, and no one is disappointed. These embryos packages being offered are very much sought after and hard to come by. Her embryos are in such demand we cannot keep them in inventory. Don't miss out on these opportunities. Guarantee (1) 60-day pregnancy if completed by a certified embryologist within (1) calendar year of purchase. Embryos are located at Trans Ova and shipping arrangements need to be made within 30 days of purchase. Choice two packages of 3 embryos of the above bulls of choice.

| REMINGTON LOCK N LOAD54U | STF NOSTALGIA 155Z |
| BAR15 MISS KNIGHT78E-51G | STF ONYX 451W |

This beautiful red female never seems to "miss" with any bull we choose, and this mating to SAM could be the best one yet. SAM is siring some of the most sought- after females in the industry, and their value is steadily rising now that he is deceased. Recent progeny sales for Lola include a \$7000 Broker heifer, \$5500 Relentless heifer, \$5000 Sandman heifer, and the top indexing bull at the Penn State Bull Test. Most recently, a red baldy Lola daughter was named Champion Simmental at the 2021 PA Youth Livestock Expo, and we expect her to reach our donor pen. We think a SAM calf by Lola could surely follow the same steps. An added bonus is that SAM carries a red gene, so expect a good possibility for a red baldy heifer calf. Guaranteeing 1 pregnancy if completed by a certified embryologist. Embryos available for transfer on sale day.

This March purebred female is exactly what I had in mind when we mated one of our top purebred donors to the NAILE and American Royal Champion, WLE Copacetic. He is siring some of the most sought after and highest selling heifers over the past year. Knockout Girl is flat shouldered and extended up through her front 1/3, yet powerful and rugged. She is fancy made, long sided, super sound, with worlds of potential ahead of her. Her donor dam "Lola" continues to prove her strong influence on our program year after year. She is consistently stamping them out with many of them highlighting this exact sale (2021 Sandman daughter for \$5000, 2020 Broker daughter for \$6700.) We feel very confident in the show ring ability of this young gal, but her cow potential will be endless. Bid with confidence and kid broke! Please contact us with any questions.

This red baldy comes from a strong cow family. We sold GFI Red Ivy to NikLen Valley Farm and ended up buying back the first female they sold out of that cow, Nikki's granddam. We knew the genetics and that cow is still production for us at 12. We paired that cow up with Upgrade and produced this heifer's dam. This spicy red heifer will catch an eye in the show ring and will produce in the replacement pen. And she's puppy dog tame!

A Broker ET daughter out of our Butterfly donor that continues to create quality with each calf crop. This flush produced a consistent group of top quality heifer calves this year, including a flush mate to this heifer that was named Supreme Champion Simmental Female at the 2022 New York State Fair Simmental show as a calf. All four sisters possess the style, structural soundness, and functionality that we all look for in our cattle. Heads Karolina is the stoutest featured calf of her sisters, with lots of hip, muscle, depth of body, and overall dimension. Whether you purchase her as show heifer prospect or a breeding herd addition you will not be disappointed. BVD-PI negative.

This February purebred female is an absolute standout with donor potential. She stems from a proven genetic package sired by the multi-time National Champion, Copacetic. Her mother is a -æ Sister to the Reserve Overall Champion at the 2021 Jr. Nationals for Sara Sullivan (S/P True Love F789) who is now in the donor pen at Bloomberg's in Illinois. Keepsake 902K is deep sided, flat shouldered, and has lots of eye appeal. She combines good angles, dimension, and structural integrity with an awesome disposition to put together a complete package. We think this female has the ability to be very competitive at any level in the show ring. Come find us on sale day, we think you won't be disappointed.

This chromed up purebred heifer is a product of a bred cow purchase from last year's sale, and she sure does make us look smart. Klondike Girl is a female that has continued to impress us every single day. I love her added dimension, excellent structure, and performance. She is long bodied, big- middled, gentle attitude, and has "brood-cow" written all over her. The Loverboy daughters have proven to be successful in the show ring as well as in production. I think this a female that will also make the new owner's look smart on sale day. Be sure to find her, buy with confidence.

Here is a heifer that will have a lot of friends on sale day. Top Seller is sired by the very popular GEFF County O and out of a really nice 3yr old Uno Mas daughter that looks to have a very bright future. Her grand dam is beautiful red cow that has left many daughters in the herd. Top Seller is long bodied with a tremendously stout hip and good shape. This bald faced female would be fun to show and will make a Great cow.

If you need a redhead to add to your herd, check out this beautiful Uno Mas daughter. She combines thickness, depth of rib, and capacity in a sound, powerful package. When we purchased her dam from Pine Creek Show Cattle, we knew she had a great future, and she hasn't disappointed! This heifer has a wonderful disposition and will be a great addition to anyone's herd. Breeding information available sale day.

Bred 3/24/2022 to WLE UNO MAS X549 (2532016). This Profit daughter is out of our donor cow, FFSC Sazerac 01. She is exceptionally sound and is a complete big top, thick ended female that has loads of genuine power throughout. Our initial intentions were to keep her in our herd but decided to offer one of our best bred in this sale. FFSC Sazerac 38J has an extremely gentle nature and is very similar to her dam. So much so, that we were very intentional with our choice of sires to breed her to for her first calf. She was bred to sexed female Uno Mas semen on March 24. We bred her dam to Uno Mas in 2018 which resulted in our Uno Mas x Sazerac show heifer that Collin won many banners with including finishing 9th overall B&O at Junior Nationals and Grand Champion Purebred Simmental at the Ohio Simmental Show in 2020. We appreciate what this heifer can offer, and she will be an asset to so many breeding programs.

Due 4/21/2022 to THSF LOVER BOY B33 (2983443). The power packed pedigree of this female needs no introduction. Backed by the genetic giant, Quantum Leap and one of the most prolific Simmental cows in breed history, HF Serena 74Y there is no need to look any further. We too wanted a piece of this power packed line of genetics, so we purchased a 74Y daughter. We have been pleased with the capacity, soundness, and maternal traits these genetics produce. This bred heifer is no slacker, following in the footsteps of her power packed pedigree. We hate to let this one go, but she will definitely make a return on your investment, adding these genetics to your herd. Female is confirmed pregnant to the calving ease sire Lover Boy, due April 21st. Hillcrest Farm is BQA and BVD tested negative.

Bred 12/28/2021 to CLRS GUARDIAN 317G (3563436). If you've been around the Simmental breed for a while, you may remember a bull named Email or a big red cow owned by J&J farms and a man named Jim Wymer in Ohio. JJ Shesa Daisy L02 was a fantastic cow and a cornerstone of my program from the moment I purchased her. She flushed well and she and her progeny were no stranger to showing success. Two daughters of hers continued playing a big role at our place, one by Remington Red Label and one sired by RC Club King. This long and stout heifer is a grand daughter of the Club King female. Her direct dam is a massive, yet elegant blaze face female sired by STF Tigger ST26, a bull I purchased from the famed Silver Towne Farms program that they took to Denver and Ft. Worth. While these genetics may be older now, there's no denying the usefulness and consistency they bring to the table. Mating options are wide open and this girl will put it together for you no matter if it's pounds on the scale or contributing genetics to your herd. Longevity is in the blood and be it a bull or heifer at her side sale day, there's a lot of potential here with the Guardian breeding.

This sale will be broadcast live on the internet.

Bred 12/28/2021 to **CLRS GUARDIAN 317G (3563436)**. A nice, easy disposition and useful design coupled with an older but big name on the maternal side. The donor she goes back to, KA TCF Independence S30L needs no introduction. This girls damn and a sister are at home in the herd and consistently prove their worth bringing in a heavy, good looking female that is a quality replacement, a fantastic ET calf or putting pounds on the scale to keep the lights on. With a calf at side by Guardian there's plenty of options on this female.

Bred 2/18/2022 to **HILB ORACLE C033R (SEXED HEIFER SEMEN) (2993610)**. When we consign to a sale we always go deep into our program and this female is no exception. BFD Rubys Joy is thick made and clean fronted. She is sired by the cow maker Rubys Turnpike 771E and on the bottom side of her pedigree, she traces back to the super donor JF Ebonys Joy L-123. This gives Rubys Joy an outcross pedigree. She sells bred to HILB Oracle C033R asa# 2993610 (sexed heifer semen) due to calve on 11/28/2022.

Bred 6/30/2022 to SCHOOLEY STANDOUT 27G (3585120). Nice feminine first-calf heifer/cow. Taylorz Spread gets smoothness and length from both sides, She calved at less than 22 months, produced the milk on pasture to raise a really nice high-weaning-weight Lock Down bull calf (which we are saving). She is daughter/sibling of top selling cow/calf lot at last year's sale. Think of her as a bred heifer who has already proven herself! She is due to calf on April 11,2023 which will be her second calf several months before she is three years old. She shows signs of super-productivity like her mom.

Due 1/14/2022 to VOLK BACKDRAFT DD F810 (3528566). This SimAngus female is ready to have a calf and get to work. Analyze her pedigree and it defines performance. The show ring presence Style daughters possess with dam qualities the industry desires. Her Dam is a long producing donor for our herd who is reproductively sound and high quality. Rose is a deep middled, soggy type of female who combines functionality with style and quality. A foundation type of female that will add genotype and phenotype to your herd. Bred to the up and coming hot red sire Volk Backdraft (ASA# 3528566), mating has the potential for red calf because Rose possesses the red hair gene! Confirmed pregnant, due on January 14, 2023. Hillcrest Farm is BQA certified, BVD test negative.

Bred 7/7/2022 to THSF LOVER BOY B33 (2983443). FFSC Classy Lady 8F was an embryo we purchased from the Ohio Beef Expo Simmental sale. This Baldy is a heavy structured, square built, big footed cow who was always slightly larger as a calf than others her same age, so she is known around the barn as "Moose." She is a hard one to get rid of, but we have her full sister and her daughter and want to offer some of our best in the sale. Moose is bred to THSF Lover Boy B33. Lover Boy is known for his calving ease and vigorous calves. We picked him because he is also producing some really high-quality offspring, including the 2021 Junior Nationals Grand Champion Heifer, and feel this mating can produce a high-quality calf.

Pasture exposed on 04/05/2022 to FFSC Hammer On 40J (3941354). Black Gem is a homozygous polled purebred daughter from our BFSC Black Diamond Cow. She is deep bodied, easy keeping, and ultra-maternal, with the most gentle personality. The progeny of Black Gem and her dam have done extremely well for us. Gem is bred to our herd bull, FFSC Hammer On 40J, and is due to calf on January 12. Hammer On is the son of TJSC Hammer Time 35D and our FFSC Vixon 16G Cow. Vixon won many banners for us including finishing 9th overall B&O at Junior Nationals and Grand Champion Purebred Simmental at the Ohio Simmental Show in 2020. We feel this combination will produce a tremendous calf.

85A HEIFER CALFDOB **9/12/22** SIRE **GATEWAY FOLLOW ME**

Bred 12/4/2021 to **GATEWAY FOLLOW ME F163 (19334239)**. This female right here we should be flushing! 970G would be a full sister to Fergusons Donor HPF Sazerac 251D, whos daughters averaged around 8K this past weekend in their sale. I believe this cow can do exactly what the sister is doing and she has a Follow Me heifer calf on her side thats awfully promising. Big time opportunity!

 Pasture exposed 8/13/22 to 10/19/22 to **WBSF Bases Loaded 6353J (4068459)**. Opportunity to buy a good young pair. 7410G is a Cowboy Cut daughter out of the famous Burgess Cow family from Partisover Ranch in GA. She is moderate in her frame and easy fleshing. Stout boned and good footed . Built for the long haul. Great udder with plenty of milk . Real world genetics with a balanced epd profile . Calf at side is a stout made bull calf born on 5-24. Great performance.

PB SM HEIFER ASA 4090386 DOB 6/20/22 SIRE **WLE PAY UP E565**

Top Secret is an exciting young cow in the prime of her life. This gorgeous baldy is a wedged fronted big middled female that is raising her third heifer calf and is doing a great job of it. She has a great pedigree being an own daughter of the 37k Victorias Secret and sired by the now deceased 20/20 A full sister sold in the Spring Fever sale for 22k. The heifer calf at her side has a very bright future and is proof of what this young cow can do. She is sired by Pay Up our herdsire that is doing a great job siring high quality bulls and heifers. This young lady could definitely pay for the pair if you are willing to part with her. Dont miss this young pair on sale dale.

The one common trait that every single great producing herd sire shares is the power of the cow. The bull is sired by the great SAM bull. He has been the talk of the visitors to our farm this spring. This blaze faced bull is outstanding for maternal traits. He is showy, calm and structurally correct. Bulls like this don't come along that often check him out on sale day!

Wide load is a baldy Loaded Up son out of good young Yellowstone cow that has the ability to transmit performance, look and power to her offspring. I don't think we ever produced a bull with this much raw power and Performance. If you sell cattle by the pound or your looking to add some baldy eye appeal he should fit into your program nicely. Quiet disposition.

County Line is a young bull that has an excellent pedigree to go along with his great disposition. He is a very muscular bull who is very neat about his head and neck and is getting better by the day. He is a son of the popular GEFF County O and out of a Quantum Leap x Victoria's Secret 2 yr old who we believe has a very bright future in our herd. If you are in the market for a bald faced bull who can cover cows this fall or an even larger number in the spring, this is the bull for you. He will make your calves attractive and muscular, all while being easy to handle.
