We have been very fortunate and humbled in this business to be able to have owned some very elite cattle that have gone on to be very successful donor females for us. When I reflect and think which of these animals started it all for us - the answer is easily our “Lola” donor. She has been a big part of where our program is today, and she consistently proves to out-produce herself year in and year out. She is consistently stamping them out with many of them highlighting and being top sellers in this exact sale. We feel this years’ consignments are one of the most exciting opportunities that Lola has brought to the table. We are offering “Buyer’s Choice” on two young purebred females sired by the cattle industry’s hottest sire, SAM-who has produced the most sought after and highest selling heifers in recent time. Those females have gone on to win shows at the nation’s highest levels. Lady Luck and Lucky Lady are purebred females that grab your attention. They both are flat shouldered and extended through their front 1/3, yet they are powerful and rugged. They excel in their structural integrity and joint work, while combining that with extra capacity and spring through the center portion of their body. The red heifer has been blessed with tremendous hair, while the tinted heifer is puppy dog tame. We feel very confident in the show ring ability of these females, but the cow/donor potential will be endless. Bid with confidence - they both are ready to get in the show ring! No miss opportunity with the female that you think is best. Please contact us with any questions.

 JSUL SOMETHING ABOUT MARY STCC BASES LOADED 5177  
 JBSF PROUD MARY STF NOSTALGIA 155Z

Embryos are full sibs to Lots 1A and 1B. If you are familiar with our program, you will surely be aware of Lola (as we call her), who has made an enormous impact on our program. Her calf crops always find their way to the top of our heifer sales. She stems from a very successful pedigree and did quite a bit of winning herself with division honors at NAILE, KILE and PA Farm Show, as well as countless jackpot breed champions. Her dam was the high seller donor at Trennepohl Farms and previous champion at Indiana State Fair. Her granddam is the famous STF Onyx. The newest addition to our donor pen (Ruby) is a Lola daughter that had a very successful show career for Paisley Mumford. Lola has consistently produced heifers that find their way to be sale highlights all over the east coast. Our embryo buyers are return customers year after year. The mating offered here is a proven home-run; being full sibs to the heifers being offered in this sale. During my Spring visits to embryo customers’ farms this year, I saw 8 SAMx Lola heifer calves (6 red and 2 black) - They were all high quality and the most consistency I have ever seen in any mating of any breed. I think this is a mating that moves any cattle program in the right direction. Buy with confidence. Guarantee one pregnancy if implanted by a certified embryologist.

### FOXY LADY, FOXY LADY FULL SIB, RELENTLESS, PANDEMIC

If you haven't heard of HFSC Foxy Lady HF6, then get ready to see her highlighted for years to come. She has been one of the most incredible young females to walk the East Coast in 2019 and continues to prove her worth in her progeny. She was named breed champion or supreme champion over 15 times in 7 different states during show career. Consistency runs in her blood as a full sister was named calf Champion% Simmental at KILE in 2022 and went on to be top seller in the annual Full Circle Farms Fall online sale. The sales of her progeny exceed \$80,000.00 and she is amongst the most influential in Simmental programs across the country. HF6 stamps her phenotype in her calves and different matings. Here is an opportunity for you to choose from these two sires, RELENTLESS, AND PANDEMIC. These two bulls don't need any introduction. Don't miss out on this opportunity. Guarantee (1) 60 day pregnancy if completed by a certified embryologist within (1) calendar year of purchase. Embryos are located at Trans Ova and shipping arrangements need to be made within 30 days of purchase. HF6 owned with Full Circle Farm.

JS BLACK SATIN 9B

For the first time ever, we are offering sexed heifer IVF embryos out of our 'Boots' daughter. Satin excelled in the show ring and turned heads everywhere she went. This cow family is in great demand, being that JS Black Satin, "Boots," is now deceased. When we talked about what bulls to IVF Satin to, we looked at who would compliment her the most and who is in demand in the breed. No doubt, Bet On Red is hot right now. The attributes of this combination could light up the show ring and will also make excellent cows. Then, we wanted to combine Satin's stellar Simmental characteristics with an Angus bull who is a no Miss sire of females. Silveiras Style demands respect in his cow making ability. We are very excited to be able to share these genetics with breeders who understand the possibilities of these matings are endless.

If you are looking to produce your next Champion or High seller look to Lazy H Shez Too Cool W58. She has done it with numerous different sires and her offspring are continuing her legacy by producing high sellers themselves. Too Cool Offspring have sold for: \$37,000, \$17,250, \$15,000 and \$10,000 along with many other in the \$5000 to \$10,000 range. It hasn't slowed down with the high seller of this years Stars and Stripes sale being a descendent of Shez Too Cool W58 selling for \$12,700. The history of Shez Too Cool is long and the chapters of her book are many. Here is your opportunity to write your own chapter of having your own high seller or next Champion. The two sires being offered are two of the hottest bulls on the market with semen being extremely rare and expensive, if you can find it. SO Remedy 7F and JSUL Something About Mary are producing Champions of their own. Tie them into Shez Too Cool W58 and the possibilities are endless. Guaranteeing 1 pregnancy with your choice of sire. Embryos will be available sale day or can be shipped via Trans Ova Maryland.

Unique breeding piece here with big-time showing potential. Lady Rosemary is a dual-registered female (5/8 Simmental, 1/4 Maine) that would allow you to show her at both the Simmental and Mainetainer Jr. Nationals. This female combines power and ruggedness with that added cool-look and extension up front, added foot size, and ring presence. Her donor dam, JSC Kitty, is a foundation female for our program that has proven to be as versatile as any female in production for us. Kitty was our selection from Jones Show Cattle many years ago that has consistently put females in the show ring as well as created herdsires for our program (Currently a Databank son, and previously a Broker son). We think this young female has intriguing potential to be utilized in many different breeding options; whether that is in the Simmental, Maine, or Club-calf industries. Her sire, SAM, is easily the most talked about and sought after genetics in the Simmental breed, and his influence has shined through on this female. Trust in the consistency and get in on this pedigree - Bid with confidence.

Here is a good opportunity to buy a great baldy female. Lucey has been a pasture favorite by many, as she is very eye appealing. L308 has great rib shape, strong top and is stout throughout. Being out of the great Executive Order, we expect Lucey to mature into a great cow. Longevity is built into this calf, her Granddam T758 is 16 and still breeding on time every year. Comes halter broke and ready to go.

This streak-faced black heifer is halter broke, with a great deal of eye appeal. She is backed by a tremendous amount of maternal power and show ring success. Her dam, Perfection, was successfully shown at all the major shows with both Division and overall Simmental awards, from Denver to Louisville, the National and Regional Jr. Simmental shows, jackpot shows and county and State Fair shows. Perfection is a cow that will impress you: low to the ground, easy keeping, and exceptional disposition with a great deal of eye appeal. She is the kind you would like to have a pasture full of. Perfection's background of proven genetics demonstrates that she is out of one of the best red cows in the breed. The soundness, hair quality, and stunning look that she transmits to her offspring make them easy to market and will get you noticed in the ring. We are excited to offer one of her ET heifers by the great JF Milestone 999W sire. Take advantage of this opportunity to add an excellent set of elite genetics to your program who will get you noticed in the ring.

When we found out that we would be consigning to the Fall Classic I had to decide which lots from our herd would show the quality of cattle we are known for at Cedar Creek Cattle Company. I immediately decided that "Sassy" would be our lead off offering. This Purebred October Relentless daughter is packed with the finest pedigree. Her dam, which we purchased from Hillcrest Farm SC continues to produce the finest show stock year after year. Sassy is the complete package. Structurally correct and fluid in motion. She is big boned with plenty of rib in a powerful package from nose to tail. She has that show presence and loves to be in the ring. She is a proven winner with a great temperament. Take this girl home and show her then know that she will excel in your front pasture or donor pen.

We were fortunate enough to have had an outstanding "Gigi" calf crop this year, and the one thing that is always consistent amongst all them is that they are stamped with that elite "Gigi" front end. Our fallborn purebred consignment, "Girl Next Door", is a female that has tremendous look and extension that is hard to find. She has that extra shot of bone, foot size, and power while still being soft made with awesome angles. Elite genetics run strong in this female's pedigree. Multiple maternal sisters have been sale highlights that have demanded over 10K+ in recent sales, with embryo matings bringing in excess of \$1K+. Her granddam, HF Serena, has amassed 3+ million in progeny sales. I think this October born female will easily follow in those footsteps. We expect this female to have the ability to take your program to the next level, as well as get you into the backdrop. Very unique opportunity here.

W/C RELENTLESS 32C STCC GIDDY UP GIRL 6199  
MISS WERNING KP 8543U HF SERENA

Embryos are full sibs to "Girl Next Door." Our Gigi donor is a direct daughter of the most decorated female in the Simmental breed, HF Serena, who has amassed over 3 million dollars in production over her lifetime with numerous show titles to her record and her progeny. In 2022 alone, Serena produced -STCC Tecumseh (half-interest sold for \$620,000 to Freking Cattle),a Berwick daughter who was Champion Simmental at the 2022 NAILE, the 2022 ASA percentage Show Heifer of the Year, and many other state fair and national show winners. Gigi, who is arguably her best baldy daughter, was a sale highlight and top seller at Trennepohl Farms. She possesses that added muscle shape and foot size while still being good-looking with an excellent running gear. These added features are evident in the high end females popping up all over the country with several over \$10K, including a \$13K Blacklist daughter and a \$11k Copacetic daughter. We have 11 Gigi daughters for this fall sale season and they will easily find their way to the top of the sale results. We think the potential for this donor is endless and this mating to Relentless is already a proven success. Big time show heifer appeal, and even bigger donor potential. Guarantee one pregnancy if implanted by a certified embryologist.

Due 3/8/2024 to W/C Double Down 5014E (#3336150). PE'd 7-14-23 to 9-6-23 to H/V Loaded With Cool J1 (4101800). This red beauty is a solid bet all day and one I hate to see leave. Red is only getting hotter and she's bringing way more to the table than her color. Her dam was a direct daughter of the great cow JJ Shesa Daisy that had so much success both on the show circuit and in production. This girl's granddam stayed in production here until she was 16, her dam until 14, a maternal sister to her dam until 15, and a daughter is still here at 13, has always settled on her first service and walks the pastures as if she's immune to the hands of time. As if the longevity alone wasn't enough, add in the pedigree and programs backing the Sire side of this female, Double Down being her AI service and her clean up bull being a Lock And Load son of Lazy H Shez Too Cool and you have a recipe for success. Get in on the ground floor of these Bet On Red daughters, they're sure to be a hot commodity and this female is bound to be a money maker for a long time.

**Due 10/20/23 to OMF EPIC E27 (SEXED HEIFER SEMEN) (#3317371).** When we breed cattle deep cow families are essential. Dixie Belle J27 is a daughter of one of our lead donors who goes back to the prolific WS Katie S125. On the top side she is a daughter of the HILB Oracle C033R bull who has done a great job for us and is making superior brood cows in the Simmental world. Dixie Belle J29 herself is moderate framed, big hiped, deep bodied and wide topped. She will have a calf at side by sale time sired by OMF Epic using sexed heifer semen. If you are looking for a front pasture cow with all the right pieces here she is.

Due 2/25/2024 to WHF DOUBLE UP G365 (#3658592). When Justice was born I knew she would be a terrific example of what a Purebred Simmental should be. Sired by the great MR CCF 2020 out of our HPF Quantum Leap cow Liberty she had a winning show career as a heifer and has provided us with a very showy heifer calf this spring. She was an outstanding mother with a good udder and plenty of milk. Like her mother she is an easy keeper with a great temperament. She is bred to WHF DOUBLE UP which produces some of the best caliber heifers and is due to calve 2/25/24. Take her home and add some blaze faced class to your herd. Know that you are getting a proven mother bred to one of the leading bulls in the breed.

Due 12/3/2023 to GSC GCCO Dew North 102C (#3141837). We purchased Faith from Hillcrest Farm SC as a lead show heifer for our daughter. She has done very well for us both in the ring and as a mother. She gave us a fancy RED heifer calf this year and was a great mother. She is an easy keeping girl with a great disposition. I love Hudson Pines cattle and knew that the Loaded up/HPF Promise combination would not only be a good show heifer but had what was needed to produce quality calves. She is bred to GSC GCCO DEW NORTH 102C and due to calve on 12/3/23. Bid with confidence that this outstanding young female will contribute to your herd as a proven mother bred to the FORT WORTH CHAMPION! I can't wait to see her December calf!!

Pasture exposed 1/2/23 - 3/5/23 to B&K/IVS/WCS County Line 83J (#3969305). "Pandora" is a stunning blaze faced breeding piece that traces to the GKF Ms Hot Steel 222A cow that we had much success with in the previous decade. S16H is dimensional out of the top side of her skeleton, transitioning into a bold and maternal center cage. She is extremely functional in her build, with a big foot at the surface, and sound when set into motion. She is just now entering the prime of her productive career, and we believe she will be a valuable component of most any herd for years to come.

**Due 12/13/2023 to WCCO Knocking Boots 305J (#3995473).** H55 is a maternal sister to the 2020 AJSA National Classic Grand Champion Female, backed by the influence of the 015U matron. She is sired by HTP/SVF Duracell T52, making her a three-quarter sister in blood to both Quantum Leap and Lover Boy. A unique pedigree to compliment her added quality and style.

**Due 2/26/2024 to W/C Fort Knox 69H Hardwire (#3808092). Pasture exposed 6/13/23 - 7/6/23 to B&K/IVS/WCS County Line 83J (#3969305).** Bar CK Ms D948 9116G or “Oregon” as we call her, is a direct daughter of the great IR Imperial D948, and perhaps one of the best on his resume. When we were looking for a red donor prospect to increase the total genetic value of our herd, we were quick to find the 9116G female. While on paper, she boasts an API in excess of 150, and a quality set of numbers across the board, we thought her phenotypic value was unique for one with her genomic qualities. She offers exceptional mating flexibility being a single generation away from producing elite purebred progeny.

**Exposed 1/2/23 - 3/5/23 to B&K/IVS/WCS County Line 83J (#3969305).**

This daughter of the popular "No Remorse" bull is one we are excited to share. She combines two of the most well-known pedigrees in the Simmental breed, as a direct daughter of the great HPF Temptation Y348 who previously worked so well for the Hudson Pines program, and now roams the pastures of Seward, Nebraska for the Sloup operation. She meets the ground with a large circumference of foot and bone, and is robust and maternal about her center body. Similar to her dam, she ties high out of the point of her shoulder, offering an attractive profile as well. Take her home as a new donor, or as an intricate piece of your brood cow herd. Either way, she is destined to be a profitable breeding piece.

**Due 4/22/2024 to HOLTkamp CLAC CHANGE IS COMING (3832373).**

If you are looking for a top quality female for your donor pen, be sure to check out Eden's Walk Stylish. As a two year old, she possesses a huge amount of power and presence, while still maintaining femininity. This young cow is very sound, has impressive rib shape, a smooth shoulder, and to top it off, a perfect udder! Just as impressive as her phenotype, is her pedigree, sired by Bankroll out of the famous Too Cool donor. Stylish is a maternal sister to breed leaders SSC Shell Shocked 44B and SSC Victorias Secret 49B, and since Tool Cool is 14 years old, this could be one of your last chances to add a red Tool Cool female to your herd. Equally impressive as this young cow, is her powerful red heifer calf sired by Lover Boy. Look at the cow power she has backing her, Too Cool on the maternal side, and Right To Love on the paternal side.

This Red Baldie Bull calf goes back to an awesome Dominance cow that I purchased as an embryo in this sale many years ago. His Dam has had many high sellers to her credit in P.A. and every one of her calves are highly marketable and at the very top year after year! These Payroll calves are plain freaking good and "Payright" falls right in. He is ultra attractive, sound as you can get, has a beautiful rib structure, is nice footed and has so much look to him you just know his heifer calves will be super feminine and current in their look and lines. Higher quality red bulls are few and far between and here is your chance to get in on the goods! I truly believe the Payroll calves are about ready to hit it big! Plan on keeping this dudes calves!
