SALE REGISTRATION AND PAYMENT

All buyer numbers will only be issued with a valid ID and payment is due day of sale. Cattle will not be transferred until paid in full.

ANNOUNCEMENTS

Announcements made sale day and from the auction block during the sale take precedence over printed material associated with this sale.

HEALTH

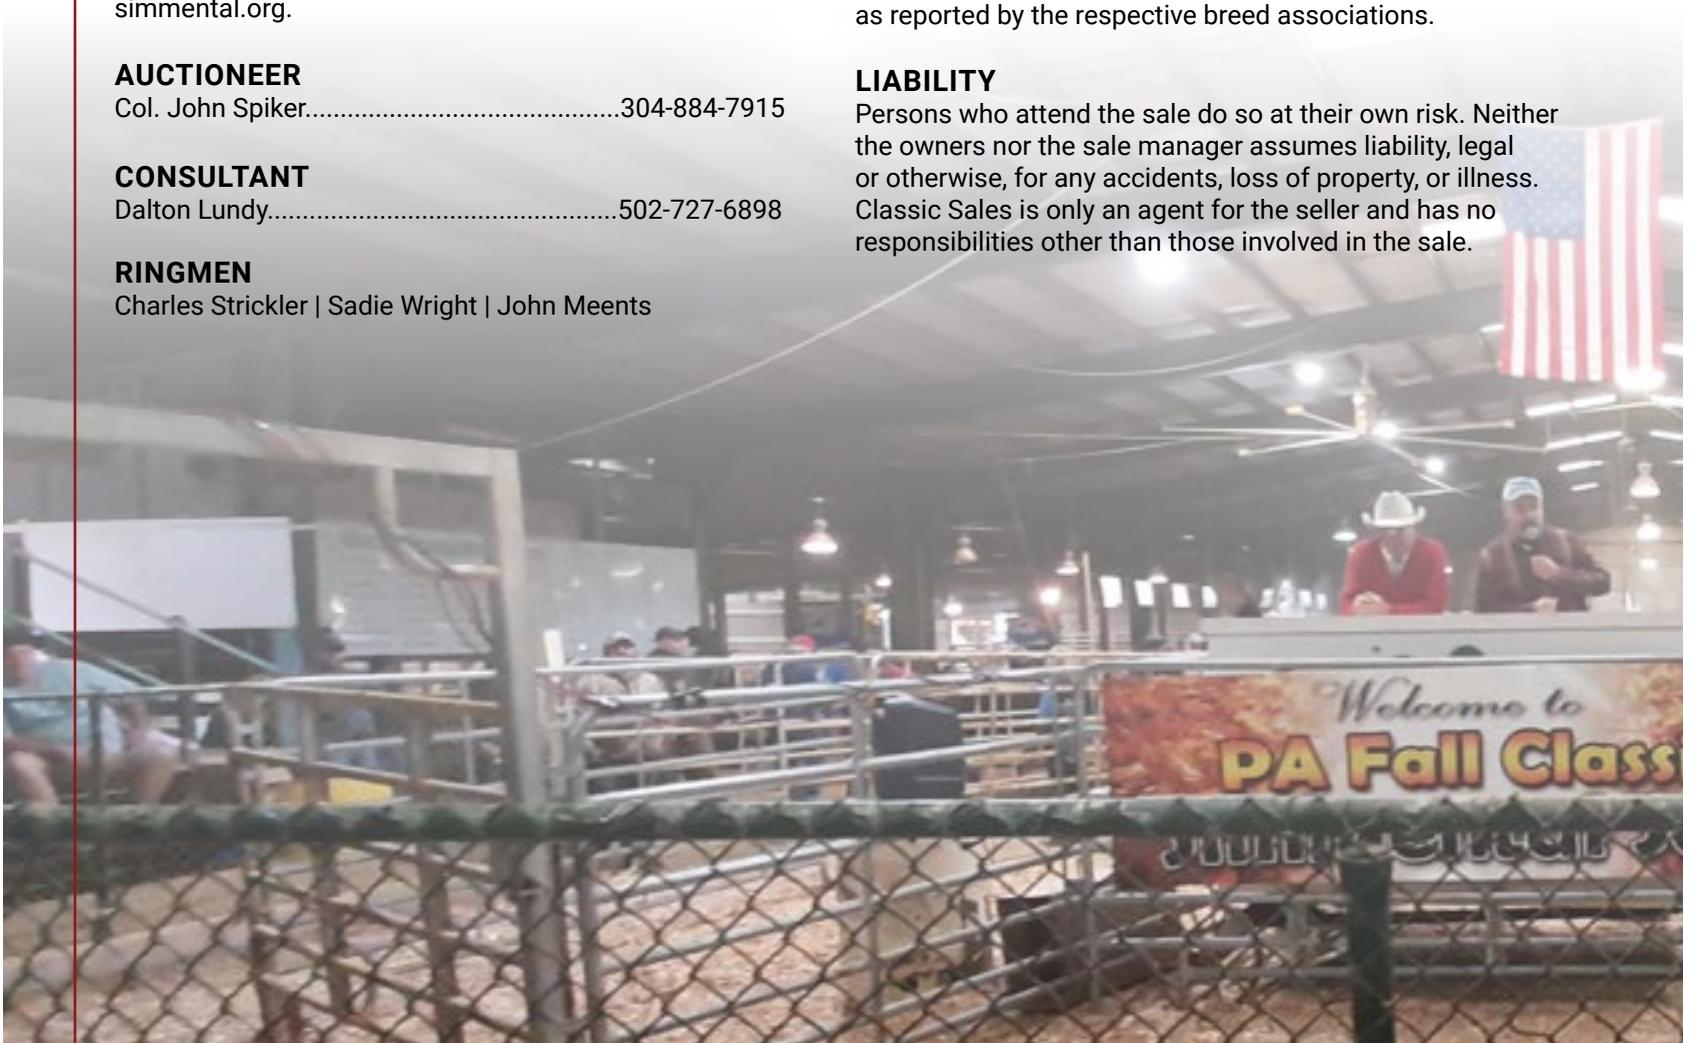

Cattle are vaccinated and tested for interstate shipment. Sexed semen is not 100% accurate, therefore the gender of resulting calves cannot be guaranteed.

EPDS

The EPDs reported in this catalog are the fall 2020 numbers, as reported by the respective breed associations.

LIABILITY

Persons who attend the sale do so at their own risk. Neither the owners nor the sale manager assumes liability, legal or otherwise, for any accidents, loss of property, or illness. Classic Sales is only an agent for the seller and has no responsibilities other than those involved in the sale.

SPECIAL LOT 71

Don't forget to bid on Elroy!

Born 9/8/2024 and looking for a good home. Quiet. Not broke, but can be brushed all over. Knows how to lift legs to do feet. Will be dewormed and have travel papers.

Sexed Heifer Pregnancy HPF ORANGE CRUSH A378

1 ORANGE CRUSH PREGNANCY

Pregnancy due 4/6/26 consigned by **Hartland Valley Simmentals**

CALF PEDIGREE AND PROJECTED EPDS:

KRJ DAKOTA OUTLAW G974	JF MILESTONE 999W
NEXT LEVEL	HPF ORANGE CRUSH A378
KRDL CAEDENCE C37	HPF CALIENTE U335

CE	BW	WW	YW	MCE	Milk	MWW	STAY	API	TI
7.5	4.9	80.5	119.1	3.0	21.1	61.2	13.6	103.5	69.4

Recip is a solid, good footed productive female. Born 4-12-2022
Next Level and Orange Crush are no strangers to the Simmental breed. Good chance for a red or even a red white-faced female out of this sexed pregnancy. Recip always feeds her calf well and is easy going to deal with. Due to calve 4-6-2026.

TOP: ORANGE CRUSH ABOVE: NEXT LEVEL

2 SCARLET PREGNANCY

Pregnancy due 3/31/26 consigned by Hartland Valley Simmentals

CALF PEDIGREE AND PROJECTED EPDS:

9.9	1.4	74.4	116.7	2.7	15.9	53.4	10.7	116.2	74.3

Recip is ASA 4440875 PBSM born 03-31-2024.

Great opportunity on this one here. A moderate, young Clear Advantage sired female with a long productive life ahead of her backed by the HPF Daisy Mae A354 cow on the bottom side. The pregnancy she's carrying is sure to be a showstopper in the ring for her new owner and a shoe in for the donor pen once she is finished bringing banners home. The sire of this pregnancy needs no introduction. Her dam is a powerful built half-blood baldie daughter of County O out of the famous Fancy Chance Lady 62 Angus cow and has turned heads everywhere she goes. Female sorted pregnancy confirmed pregnant and due 3-31-26.

MR CCF 20-20

NEXT LEVEL

BWL JEWEL 933E

KRDL CAEDENCE C37

EKHCC RED JEWEL 760

Set of 3 unsexed IVF embryos.

Next Level has been the talk of the new purebred Simmental bulls over the past couple of years, and here he's paired with fine maternal genetics from Pleasant Hill Farm & BB Simmentals. The Jewel 933E cow is the dam of PHFC Bourbon Trail 1121J, who was the lead-off in Pleasant Hill's 2023 bull sale, and has developed into a foundational sire at Barlow Farms. Genetics from Bourbon Trail's dam remain in high demand. John waited a long time to obtain embryos from this cow, and Miranda was finally able to get her hands on enough to share. Here is your opportunity to create some stylish calves from a genetic package known to lead with phenotype.

This female is a true up-and-coming prospect, the kind that improves every day as she grows and matures. She is sired by Uno Mas, a bull that has left a lasting impression on the breed for consistently transmitting eye appeal and productivity. On the bottom side, her maternal grandsire S.A.M. is regarded as one of the most reliable sires ever used, with progeny that are consistently sound, functional, and top quality from end to end. Long bodied, square hiped, and blessed with a sweet disposition, this heifer combines a practical build with a pedigree stacked for consistency. She is the kind that will keep trending upward and pay dividends down the road.

We were so impressed with a flushmate that sold at this sale 2 years ago for \$10,000 that we purchased a set of embryos from Full Circle Farms and decided to grow our own. This amazing RED heifer is the result! The sought after genetic combination of the hottest sire SAM and LOLA provide the perfect match. Take her home and add her to your show string or put her into your front pasture and watch her turn heads as they drive by. At her age you wouldn't expect her to be so big footed, wide backed and look at her length. Who does she remind you of... look no further that her dam LOLA! Bid with confidence that this heifer will only get better with age!

Lainey has started her show career off with a bang winning Grand Champion Cow/Calf, and Division Champion for her age bracket. She is the daughter of our highest winning heifer that goes back to the great HPF/CLO Sheza Dandi cow. She has the feminine look that judges want and the genetics that breeders require. She is fancy made and completely sound. Add this superior female to your show sting and watch the purple accumulate on your wall. Then add her to your breeding stock and watch her super genetics pay off dividends in awesome calves! Know that you are bidding on the one that can make your operation excel!

This March percentage female is up headed, big bellied, and square to the ground. She blends the consistency and functional quality of Private Stock with the proven maternal strength of Uno Mas. Uno Mas daughters are well known for balancing show-ring style with pasture practicality, and this heifer follows suit with the same structural integrity and feminine design. She's also the kind that's easy to appreciate every day, with a sweet personality and good hair that makes her a pleasure to work on. Her dam was much the same; an attractive, good-haired show heifer who transitioned into a proven female in our program, raising quality calves no matter the mating. This heifer is built for banners today and brood cow value tomorrow.

Cinderella 23N is the first natural calf for our Ms. Good Times Donor who had an incredibly successful show career for Kiersten Baker including Supreme Female Huntington Cattle Battle and multiple division honors at KILE, PAYLE, and many others. This female's granddam was our matriarch donor Cinderella C502, whose show career included Supreme Female at Simmental Sweepstakes, Grand Champion at KILE, and Reserve Supreme at PA Farm Show with a \$100K Distinction daughter who sold to Sullivan's at the Donors and Divas Sale. This young March female has incredibly big shoes to fill, but we think she has the building blocks to do it. Study this girl in her design, type, and angles and you will appreciate how well she ties all that together in a flexible and fault free package. Be sure to add this girl to the short list for sale day - not only will she be fun parading around the shavings, but my crystal ball predicts big time return on investment with this purchase.

This granddaughter of HPF/CLO Sheza Dandi continues the tradition of the look for which the Simmental breed is known. Black with the blaze face. When Cliff Orley commented that this heifers mother was the most perfect phenotype of the breed we knew we had to have her for our herd. She continues to produce a perfect calf and this year it can be yours. She is long and big middled, yet feminine and completely sound in her movement. She is an easy keeper that will add the best genetics to your herd.

14.3	0.5	77.6	113.1	6.5	23	10.1	61.7	127.3	80.7

As you may recall, this heifer's mother was the past high seller of the 2023 PA Fall Classic sale - who now resides in our donor pen and co-owned with Carter Brown. Her first natural calf by Lover Boy shows you exactly why these Lola progeny have been easily some of the most desirable animals within our program. I do not know if we have had (or will ever have) a donor that consistently stamps her influence as much as Lola. Our Ruby Red donor and promotional sire Redman are prime examples of this, and we feel that more future donors and sires are making their way. This super soggy made red head is one of the next chapters in that ever vast book that these genetics are writing for us. This female has the ring presence and running gears that are ready to go, and kid broke for showmen of all ages. Red purebred Simmentals that are built with this much rib and look are highly sought after and for good reason. Combine that with one that has as much genetic reliability as this one and the sky is the limit. In all facets of life, consistency is key and this heifer exemplifies that.

The idea of females like this one is exactly why we decided to start collecting and promoting Redman. This March baby is the first purebred Simmental to be offered out of Redman and she does not disappoint. This female combines the exclusive ability of being super attractive out of her front one third, while tying high and neat into a near perfect angled shoulder blade. All of this while being bold and soft out of her rib shape that carries down into a phenomenal curved shape underline, with enough mass and power all while still being incredibly sound structured. In addition, she boasts a baldy package, kid broke, and ready to hit the show ring. Avery's Girl 226N is just the beginning of what we think Redman has to offer, and we couldn't be more excited about this female. She is worth the price of admittance - bid with confidence.

This long-bodied, capacious female comes with winning in her blood. She is sired by King of Diamonds, the 2019 NWSS Reserve Champion and NAILE Champion Simmental Bull, admired for his tremendous outline and balance. On the maternal side, she traces to the legendary Silveiras Style, whose daughters have dominated shows across breeds, and to the no-miss donor Minn Katie 9B, one of the most profitable and consistent producers in the Minnaert program. With proven genetics for look and longevity, paired with a quiet temperament that makes her easy to work with, this heifer has the credentials to compete in the ring and the foundation to be a lasting producer in the pasture.

This fancy baldy heifer is a full sib to the high selling heifer last year at this sale who was named 10th Overall Purebred Heifer at the AJSA Eastern Regional. and another full sister was just awarded 3rd overall heifer at the WV State Livestock Roundup at Jackson's Mill. And she has already started her career being named Calf Champion at the WV State Fair. She is a fault free heifer that will make a fun show heifer and still has brood cow written all over her.

Double Up daughters have been some of the hottest and most sought after Simmental cattle in recent years, not only for their ability to get it done in the showing but also in the pasture in production. Studying this female you see exactly why. With the length, extension, and body to grow into a broody front pasture cow that we strongly feel will be competitive in the ring this time next year as a big bred. None of these facts take away from the combination of adding cow power and maternal merit of genetics like Alley, Summer, Broker, and 8543 together. The opportunities are here with Alley Up 267N, and we believe that this female will pay dividends for her new owner and make them look very intelligent when the dust settles. Don't miss out or look back with regret on this one.

Bred 4/28/25 to GW Copperhead 919G (3549340). Moderate in her frame and easy keeping by design, this female ties together practicality with the kind of cow power that lasts. She traces back to our foundation cow from Missing Rail Simmentals, and with that lineage you can expect the kind of longevity and staying ability that builds herds. Cabernet is the kind that works in any program; functional, problem-free, and the kind that earns her keep year after year. Just like her name, she only gets better with time. Bred to GW Copperhead 919G for an early February calf, she is setting up to deliver a mating that combines maternal strength with performance punch. If you are looking for a cow that will be around, stay in condition, and raise calves that tip the scales, this one deserves a serious look.

Bred 4/29/25 to **FELT Perseverance 302F (3493800)**. This HammerTime daughter is the complete package both physically and from an excellent cow family. She is a very soggy heifer with good square hip, and is as clean up front as you're going find one. Being a 75% Simmi she can fit in well in either a Simmental breeder or clubby operation. She is confirmed pregnant to FELT Perseverance 302F (Baldie) with a calving date Feb. 7, 2026. This heifer is going to produce excellent calves for many years to come.

Bred 3/11/25 to **WHF/JS/CCS Woodford J001 (4068398)**. Here's a female that blends power, look, and pedigree the way you want it. A Quantum Leap x STF Brianna (Make It Rain x Onyx) daughter, Breeze offers that bold rib shape, long spine, and extra dimension that makes her a true purebred breeding piece. She has the kind of presence and build that will keep her valuable in production for years to come. This heifer isn't just good on paper and in the pasture, she was also Bella's showmanship heifer this summer, proving her quiet disposition and willingness to work. She's bred safe to WHF Woodford 001J for a December calf, and the resulting mating has all the makings of something special. We would be keeping Breeze without hesitation if not for a flush mate that simply fits our management window a little better. Here's your chance to add a powerful purebred female that checks every box for performance, maternal strength, and eye appeal.

10.1	2.7	73	105.8	2.1	15.9	11.2	52.3	101.7	67.2

Bred 5/15/25 to Winslow's Redman (3957259). Talk about a pedigree deluxe that stretches far across all sides of her lineage. With elite cow power from breed leading donors like 8543, Proud Mary, H25, Babys Breath, and Breath Taker. You can drive many miles, scroll through endless pages, and flip through numerous catalogs attempting to chase as many purple banners and accolades that exist throughout this impressive set of bloodlines and still not get close. The most impressive of these feats might be Babys Breath being named the "Triple Crown Champion" winning Kansas City, Louisville, and Denver in the same show season. This line up of influential matriarchs is what most breeders strive to achieve in their entire herd and here it is in one long spined, excellent structured female. 11J is a potential red carrier, making her mating to our new and upcoming AI sire Redman that much more intriguing. We have all been told that there is power in the blood and we believe you will be hard pressed to find this much pedigree all in one lot.

Bred 5/25/25 to Winslow's Redman (3957259). Talk about a unique opportunity. This cow is super elegant in her type and kind, extremely long and attractive out of her front end. Not to mention she is fluid in her joints and structure as she seems to almost float across the pasture. All of these attributes combine together with a powerful and slightly different pedigree package, being out of the immortal SAM and a High Regard x Dixie Erica cow. No matter the breed, the Dixie Erica's are constantly sought after for the completeness and combination of mass, softness and structure. We couldn't be more excited about the mating to our new and popular AI stud, Redman, giving the possibility of a red-baldy calf! If by chance you haven't heard about Redman, be sure you check out his daughter in this sale offering (Lot 13), and make sure to bid on his semen in the sale as well.

8.1	1	71.8	103.8	2.1	16	10.5	51.8	115.4	74.8

Bred 7/15/25 to WHF Point Proven H45 (3780742). Star Baby was our selection from the Badger Creek dispersal. We admired a few stunning Oracle daughters that day, including the beautiful B-C Lookin Sharp 7002E, who commanded over \$50,000 when she was sold. Star Baby has that perfect wedge shape, starting with a trim front end, extending back to a deep hindquarter. We feel she will shine bright whether you continue breeding her Simmy or go the club calf route. We chose to stay purebred for her next calf, as she is safe to the royally bred WHF Point Proven, who has been used by some of the most competitive breeders in the business. Star Baby is halter-broke. She's recently been approved as a donor dam and has tested free of genetic defects. The sky is the limit for Star Baby!

We expect this easy-going bull to be a wise investment - one who could lead your program to a whole new level of profitability! On paper, Cash's EPD profile ranks him high among other bull prospects. Semen straws from his sire are often on back order. Cash's mama is the easiest doing young cow in the herd. She maintains as well as the mature cows and breeds on the first straw too. She raised Cash to a 689 lb 205 day weight on pasture. We took Cash and his dam to the Eastern Regional in Virginia, where they earned Grand Champion Percentage Cow / Calf Pair. For your convenience, Cash's tissue sample has already been submitted, so he will meet ASA's new herd sire requirement. Just raise your hand high if you need to fill your wallet with Cash Money!

67 WINSLOW'S REDMAN SEMEN

Semen consigned by **Palmer Cattle Co**

Winslow's Redman ASA 3957259

Conventional: 5 packages of either 5 or 10 units. Sexed: 3 packages of 3 units.

We are super excited to show you what multiple years of hard work striving to create elite red baldy genetics has awarded to us. Winslow's Redman is a bull that we think has the ability to influence the red-hided aspect of the Simmental industry for a long time. His sire, Bailey's One of a Kind (Profit x Ms Dreamy), is a flushmate brother to Sara Sullivan's Supreme Female at the 2018 Jr. Nationals. His dam is our matriarch female, Lola (Lock N Load x STF Nostalgia) who stems from a very successful pedigree and did quite a bit of winning herself with division honors at NAILE, KILE and PA Farm Show, as well as countless jackpot breed champions. Her dam, STF Nostalgia, was the high seller donor at Trennepohl Farms and previous champion at Indiana State Fair. Her granddam is the famous STF Onyx. Genetically, Redman will be an incredible outcross option for a substantial portion of the Simmental breed. First calves are stout, hairy, and good-looking. Find his influence in multiple lots within this sale! Semen available for pick up on sale day.

DBJR Cobra ASA 4031279

(10) units DBJR Cobra conventional semen.

If you're looking for winning genetics here it is! Quantum Leap on one side and CMF Time to Shine on the other of the breeding equation. Both parents have performed well in the ring and the field. Cobra was Reserve Simmental Champion Bull in the World Beef Expo and won his Division in Louisville. If you're looking for a Bull that checks all the boxes here you are. Cobra naturally sired the open heifer, BARLOW FARMS CHARLENE 01M2, that is offered here today. Owned by Barlow Farms.

LOT 69 SERVICE SIRE

70 INDIAN OUTLAW SEMEN

Semen consigned by **Barlow Farms**

JR INDIAN OUTLAW 102K ASA 4154561

(20) units conventional semen.

Ranking in the top 10% of the breed for calving ease and top 15% for BW and touting a 144.8 API- JR Indian Outlaw is a one-of-a-kind specimen! Indian Outlaw was the standout of the Western Illinois University Bull Test with an ADG of 3.97 lbs and a weight per day of age of 3.52 lbs. On top of his great performance numbers, he is a bull that will add muscle, body, and volume. Whether you are breeding purebred seedstock or showstock, making replacement females, or raising feeders and finishing cattle, Indian Outlaw is a bull that can help you. We love his easy going disposition in the field and beautiful markings. Owned by Barlow Farms.
